

## Prayer and Praise – March 06, 2024

*"For we walk by faith, not by sight."  
2 Corinthians 5:7 (NKJV)*

**Sierra Leone:** Field Director Milton Godwin gives all praise to the Lord for allowing his wife Mary to graduate from the N'jala University last Friday. Sister Mary graduated with a bachelor's degree in education. Mary has been very instrumental in the school. She has not only been great in the academic field but also as the spiritual leader for the people in the school and for the families of all those she comes across. Through her position, God has used her to lead many lives to Christ.

**Cambodia:** Missionaries Ly and Sarin Mak praise God for His work at the Lifesong Center with the children. They are very busy but enjoy their time doing what God has sent them to do in Cambodia. Parents are beginning to see how their children change in behavior and the respect towards them. Children are not only taught to read and write, but the real love of Jesus.

They share the testimony of a five-year-old child who was neglected by his parents. The parents had him watching and playing with the iPad and cell phone all the time and this kept him from associating with other children and would not speak. After the child went to Lifesong Center for the first three weeks, his behavior got better, calmed down and now plays with other children. He has also learned to write on the floor.

The Maks praise God for allowing them to reveal His love and affection to all the the children who are neglected. "Thank you for for your prayers and support."

**Cuba:** Field Director David Moreno asks to please continue praying for the Cuban nation that is going through a critical situation of food shortages, serious economic and social problems.

You can give to our [Cuba Adopt-a-Church](#) program or to [Mission Esperanza](#) to help with the essential needs in Cuba by making a one-time donation or a monthly contribution to help with their everyday needs.

**North Africa:** Missionary Andy \*asks for prayers for his wife Nancy\* who went to the emergency room Monday night due to severe abdominal pain and vomiting. Nancy underwent surgery to remove her gallbladder. Please pray for his complete healing and speedy recovery.

**El Salvador:** Field director Ángel Díaz shares that his entire family has been fighting an illness for a couple of weeks. Please pray for divine healing for him and his entire family.

**Nicaragua:** Missionaries Nelson and Tirsia Gaitán shared that they have enjoyed wonderful church services where people are seeking God more every day. They have held a series of retreat activities that have been very successful. In addition, many people have been baptized in water.

Please pray for the new church in La Concepción as they are currently holding outdoor services because they have not found an affordable place to rent. Nelson and Tirsia are looking for a new property they can purchase for when the MOVE team arrives next year in 2025 to build the new church building for the La Concepción congregation. Thank you for praying for this important project.

*"For with God nothing will be impossible."  
Luke 1:37 (NKJV)*

*Global Harvest offering for 2024, is to help Acropolis Medical Centre in Trinidad. Please partner with us to help purchase special medical equipment. This will help save lives physically and spiritually. To find out more and learn how you can participate in this special offering, go to: [www.openbible.org/LetYourLightShine](http://www.openbible.org/LetYourLightShine).*

*Please share with your congregation or with other interested individuals. Thank you for praying and caring.*
