

Papau New Guinea: Missionaries Tom and Sherry shared: “We had a wonderful time in the town of Kataco two Sundays ago! Pastor Joseph's wife, Assiatou Josephine, is in a wheelchair, but that didn't stop her from leading the prayer time at the beginning of the church service! Daniel, a church member, asked to pray for a woman he had met that week who owns a small business in the city. He asked her if she had ever given her share of the money she earned to God, as a tithe to Him. She had never heard of tithes before. He explained to her the meaning of tithing and invited her to visit the church. A few days later, she gave Daniel some tithe money to put into the church offering! Daniel asked the church to pray for God to bless her business and also for her to come to church and give her life to God! People are reaching people, one by one!

“Please pray for the work on the walls of the Bigori village church that started last week. All the necessary materials were brought to the town. Please pray for the safety of all the workers as they build this church! This is God's project and His will will be fulfilled in Bigori!”

MOVE: MOVE Director Aaron Keller testifies, “MOVE has just returned from the successful construction of a church in Guapíles, Costa Rica. Our team of 40 men faced significant challenges. Our biggest challenge was the rain. Our projects are always scheduled for the summer in each country we visit. Although it was summer, it still rained a lot in Guapíles. Despite receiving 2-3 inches of rain while we poured our tie beam on the project, we still completed the church on time.

“The most notable aspect of this trip was that our construction director, David Bethany, would be retiring after the project. He has served with MOVE as director of construction since 1994. Under his leadership, hundreds of men were exposed to hard work and, through it, a brotherhood. David had a great impact on the ministry we are today. We are so grateful for all he has done to promote the Kingdom of God. He now focuses his attention on his work in Cuba that began in July 2023, Mission Esperanza.”
