

Guinea: Missionaries Tom and Sherry Moore testified:

"Two years ago we requested urgent prayer for our Pastor Jean Francois Bangoura's wife, Marie Jeanne, who was seriously ill. People began to pray for her. She was always vivacious, was a good teacher and translator! She began having stomach problems and started losing weight to the point where she could hardly walk and was so weak they thought she was going to die. This went on for months.

"When we were in Guinea in 2023, we did not get to see her. What a joy it was for us to see her on this last trip while we were in Guinea! She is so much better, has put on weight and was able to be in some of the services. She is a miracle! She is only living today because people prayed. Please continue to pray that God will complete her healing as she still struggles with a stomach ulcer. God is faithful and they are grateful."

Sierra Leone: Field Director Milton Godwin testified: "This past Sunday, April 27, I had the opportunity to visit the Open Bible Standard Church in Allen Town, via Calaba Town, pastored by Edmund S.K. Allie.

I had the opportunity to minister the word of God in their annual program to bring glory to God with the theme 'Those Who Worship God Must Worship Him in Spirit and in Truth.' The service was incredible, well attended, and God's presence was evident. Many renewed their commitment to worship God in spirit and in truth. We prayed over the three pastors who are doing an excellent job there."

"Please continue to pray for the country of Sierra Leone. The country continues to have no water, no electricity and high inflation on goods and services."

West Africa: Missionary Andy* shared he praises God for the good progress of the INSTE Level 1 translation into Swahili in Tanzania. Andy leaves for Tanzania on Thursday, May 1st. There he will be joined by Pastor Charles Omina from Open Bible Churches of Kenya. Let us pray for Andy and Charles Omina, who are training 20 INSTE leaders in Tanzania from May 5-9. Please pray that many lives will be transformed in East Africa through INSTE in Swahili and English.
