

The coronavirus pandemic has caused more than **5,826,463** deaths worldwide. Even now, many churches are not able to meet in person because of COVID restrictions in their country. The funds received will help hundreds of pastors and their families survive by providing them with food and basic necessities. For more information go to www.bit.ly/MVPpandemicaid.

GLOBAL IMPACT

God Answers Prayers

By Bill and Fayth Missionaries in Northern Mexico
"God Is On The Move"

If you abide in me, and my words abide in you, ask whatever you wish, and it will be done for you. John 15:7

The road in front of our safe house has been impassable, with two to three feet deep ruts; you could hardly walk up it. For two years we attempted to get it fixed by calling and going down to the city offices. We even had people with influence go down and talk to them with no response; we just stopped asking. We had really struggled finishing the safe house after losing our daughter, Joy Brown, to Covid and then losing the leader of the safe house, Jaime. When Jaime was able to do most of the work on the safe house it moved along pretty quickly with help from the teams. Since Jaime passed it has been very difficult to get things done. I

was praying about all the things that have been difficult and I told God, "This is your project, and you either are blessing it or you are not. If you are not, we can't continue so I am going to ask you for a hard thing as a sign to us: please fix the road." In two days, the road was fixed. That was an awesome answer for us as we had been working every day and we were struggling to get the safe house finished. God is so good. There is nothing too difficult for Him.

Safe House Completed

Our friends from Oregon, Duane and Susan, who come to visit us every year called and said they were bringing Duane's sister Pam and her husband, Ray, with them this year. Duane and Ray are contractors and asked how they could help us. We told them we needed to finish the safe house. They inspected it to see what needed to be done and then stayed two weeks and helped us finish it. Jaime's son, Carlos, has been a great help too. God is so good and is always there to send help.

(Continued on back)

(Continued from front)

We are so thankful for all the churches and people who have been a part of making this a possibility. We thank God we have had the funds to complete the safe house. Please pray about supporting the safe house monthly as we need funds to operate so we can open and stay open.

Women's Prison Ministry

Two years ago the women's prison was shut down to visitors due to the Covid virus. Before it shut down there were many internal problems and we were not sure if we would go back due to all the things going on. Joy and I prayed together. We asked the Lord if it was His will for us to go back that He would show us three signs showing us to go back. The signs were that we get invited back when they reopened, a change of prison directors, and that some internal things going on would be different. In January the Lord answered all three signs we asked for. We now have a new director that is awesome. She loves the Lord and says it's a calling, not a job. I asked how we could help her, and she said, "No how can I help you?" She asked us to please come back and help her make the changes that need to be made. We praise God for giving us the opportunity to come back and minister to the ladies and teach Bible Studies again.
